Staff Recommendations

Superb Cook/Maid and Day Guard available

late April - early May. Extremely reliable and hard working. Kite is a wonderful cook (trained by former German EFM for 4 years) but also a great maid too. Kebede is superb as Day Guard as well. Both have been with us 2 1/2 years. Contact rohmin13@gmail.com

I wish to highly recommend Gezaw Mekonnen (tel 0911 848 773) as a **day guard and gardener**. Gezaw has worked at my house for four years and has been extremely reliable, hardworking, and honest. His gardening ability is considered one of the best and he always managed to keep a productive vegetable and herb garden going at the two houses I occupied. He knows how to prune and select plants resulting in a colorful and attractive flower garden year round and the grass has always been neatly trimmed. He has also been extremely kind and gentle with my two cats who follow Gezaw around the yard all day. He is currently studying automotive repair at a technical college. Gezaw is extremely pleasant and enjoyable to engage with and has served US Embassy house-

holds for at least six years now. I highly recommend him to serve in a similar capacity for any expat and believe he has considerable potential to do even more.

Kebebus has worked for our family since November 2011. Prior to that, she worked for US/Western families for approximately nine years. She has taken and passed the US Embassy **Nanny** certification, and is an **excellent cook**. She can make any recipe you give her, as well as traditional Ethiopian fare. She is experienced in gluten-free and low-salt cooking, and is very handy at making emergency substitutions. Her English is good (we had her translate for the rest of the household staff—see Selame's ad in this edition), and she's very good with our 9-year-old son. She is punctual and dependable, and we have no reservations recommending her for employment. Please call her direct at 0911721362.

Selame has been our housekeeper for over a year. She is very dependable, thorough and conscientious. She has been very flexible when we've had to adjust her schedule. Her English skills are limited, but once she understands our quirks (usually through a translator—see Kebebus's ad in this edition), she follows through with great results. We have worked with several members of Selame's family, and have been impressed with the family's work ethic and dedication. We have no hesitation recommending her for employment. Please contact her brother Melaku (a current US Embassy Addis motor pool employee) at 0911688846.

Our wonderful cat Silver needs a new home before July. She's a mostly outdoor cat that is very patient with our four children and loves to cuddle and be petted. She was found on the ICS campus as a kitten in 2011, is spayed and received all her shots. Our family has cared for her for one year and the children love her. She will come with a large food supply and a sleeping basket. If you are interested in meeting her, please contact Warren or Nadine at teamtortoise6@gmail.com
